

Aging Ahead is making every effort to help ensure the safety and well-being of our staff and clients during the COVID 19 pandemic. We remain committed to supporting our communities by adhering to CDC social distancing guidelines, with a continued emphasis on insuring that our most vulnerable, at risk populations remain safe. For these reasons our senior centers will remain closed until further notice. Other supportive services continue to be provided. Please contact us at [info@agingahead.org](mailto:info@agingahead.org) or 636-207-0847 if you have questions or are in need of services.

If you need assistance to be signed up for Meals on Wheels or help navigating pharmacy and grocery store home-delivery services please contact Aging Ahead at 800-243-6060. Staff will be available to answer your calls between 9:00am and 4:00pm.
